### MISSION

ISPS is a vibrant learning community dedicated to developing passionate learners who strive for excellence and pursue their unique potential.

We encourage resilience, innovation and collaboration, preparing students to act with confidence and integrity as caring global citizens.

### VISION

Inspiring thinkers and doers to shape a better world.

### MOTTO

Difference Makers,  
Future Shapers

ISPS Contact #: 633-4777

## FROM THE DIRECTOR

Dear Parents,

As I was away last week, I was unable to welcome you all back after our Easter Holiday, I hope you all had an enjoyable Easter Holiday. We are into our final 10 weeks of school and June 28th will be here before we all know it. The end of the school year is always very busy and it is a good time to sit with your child(ren) to help them navigate and plan for all of the activities that will come with the end of the school year.

We have AP Exams starting next week, end of year exams in HS the last week of school, we have the play production, awards ceremonies, transition and graduation ceremonies, national and international field trips, the PYP Exhibition, the MYP Personal Project presentations, summative assessments in the MYP, etc .... Knowing, in advance, the activities that your child(ren) will be involved in, is a great way to help them plan their time to the end of the year. If you are not sure, ask the class teacher, the homeroom teacher, or the Principal, to help you plan for these events.

I would like to congratulate Rebecca Tompsett and the students who attended GIN conference in Peru. The conference was a great learning experience and our students presented their projects to other students well. I know they have come back with a lot of new ideas, which I hope we are able to incorporate some of them into the fabric of what we do.

We look forward to welcoming Helen Brocklesby, our new Director, and her children, Charlie and Ella next week. Helen will have a full schedule, with handover meetings with a variety of stakeholders, etc ... and Charlie and Ella will be joining us for the week, attending classes. Helen and her family arrive on Sunday night, and will be leaving the following Sunday.

Please be reminded that we have our Open House on Saturday, May 11th. Principals will be helping coordinate activities in each section of the school. Your

children may be asked to be an ambassador for the day, or participate in a classroom activity hosted by one of our teachers. We would appreciate your encouragement and assistance in this area, as we cannot host an Open House without the active participation of your children. If you, as a parent, would like to help out, please contact Jackie.

On Friday, you will see an ad going into the newspaper announcing positions available at ISPS, beginning August 2019. The first is for a Chemistry teacher. Unfortunately, Mr. Shaw has resigned effective June 29th, and we will be looking for a replacement. I want to thank Mr. Shaw for his service, and wish him luck as he moves back to the US.

The second position you will see advertised is the position of MS/HS Principal. Mr. Huerta is NOT leaving, but we need to extend his work permit and therefore must advertise the position.

AP Exams begin next week and we wish all of our students the very best of luck. Our AP teachers have been making sure their students are ready for the exams, and I think there is a bit of anxiety all around. As we move into AP exams.

Our grade 5 students have been working very hard to put the finishing touches on their presentations for the PYP Exhibition. All ES parents are encouraged to attend the exhibition, which will be held in the gym, from 8:00-9:30, on the 9th of May. Following parent presentations, students will be presenting to other ES students on the 9th and the 10th and those presentations have been scheduled with class teachers. We wish all PYP students in Grade 5 luck. We know they will do a great job.

Enjoy the weekend.

Barney Latham,  
Director

## NOTICE OF **AGM**

Notice is hereby given that the Annual General Meeting of the ISPS 2018-2019 Academic Year will be held on:

**Wednesday May 15th, 2019 at 6:30 p.m. in the School's Cafeteria**

### AGENDA

- Welcome
- Upcoming Events
- Financial Review
- Revised PTO Bylaws
- ISPS Board Elections – Election of Parent Directors
- Results
- Any other business

### ELECTION OF PARENT DIRECTORS

At the end of the 2018-2019 Academic Year, there will be four (4) vacant Parent Director positions on the ISPS Board of Directors.

The available positions are as follows:

Two (2) Parent Directors

Two (2) Alternate Parent Directors

These positions will be held for a period of two years; the 2019-2020 and 2020-2021 academic year (beginning on the last day of the 2018-2019 academic year)

Persons who are interested in running for these positions must be the parent or guardian of a child enrolled at ISPS until the end of the 2020-2021 academic year.

Any interested person must submit a 'Willingness to Serve' letter addressed to the Nomination Committee, no later than May 1st, 2019. This letter should include a synopsis of credentials and activities reflecting experience relevant to service as a Parent Director.

Letters can be emailed to [ispspto@isps.edu.tt](mailto:ispspto@isps.edu.tt)

Voting will take place at the AGM carded for **May 15th, 2019 at 6:30 p.m.**

Persons will be eligible to vote once they are the parents or guardians of a child enrolled in ISPS at the time of voting.

# NOMINEE STATEMENT

Expression of Interest to serve on the School Board of  
The International School of PoS

CAROL MCINTYRE

Dear ISPS community,

I have been on the ISPS Board since 2017 and I am coming to the end of my term as a Parent Director. The past two years have provided me with grounding in and a framework for decision making, policy and procedural review and insights on how to engage in open and purposeful discussion.

However, there is still more to be done. So What can I offer you if re-elected?

I hold a Bachelor's degree in Political Science from Queen's University (Canada). During these years of learning, what stuck with me was the importance of in-depth analysis, clarity in reviewing issues and confidence in presenting ideas. I have worked in senior positions in Financial Services, in the areas of Development Finance, Investments and Strategic Marketing. As an area of focus, "Communication" is particularly close to my heart, and I believe that it is key to good relationships and building a solid foundation.

Our family joined the ISPS community in 2011. I have two sons who both graduated from ISPS and a daughter currently in the High School. As a parent, I am familiar with the academic and extra-curricular programs and aware of general concerns at the school. This is what fuels my desire and drive to make a difference.

A planner and organizer by nature, I actively support the mission and vision of our school and am willing to take on challenge. My goal is to respect others by working collaboratively, to bring enthusiasm to what I do and to conduct myself with integrity.

At its best, the ISPS Board reflects the expertise, skills and knowledge necessary for successful governance, strategic planning and building relationships with you, our stakeholders. You have the right to attend the next PTO annual general meeting and participate in shaping the team that will be in charge of the governance and future well being of the school.

Our working well together is truly critical to the school's success and I look forward to meeting you on May 15.

Thank you for your consideration.

Best regards,

Carol McIntyre

# NOMINEE STATEMENT

## Expression of Interest to serve on the School Board of The International School of PoS

**LOU-ANNA FERREIRA-PATTERSON**

This expression of interest is to permit the parent community and Faculty of the International School of Port of Spain to assess my worthiness to continue to serve on the school board.

My name is Lou-Anna Ferreira-Patterson. My family has been at ISPS for the past 12 years. My first son graduated from ISPS 2 years ago and is now attending University in Canada and my second son who has been at ISPS since Pre-K is about to complete Grade 10. I have served in various roles at ISPS from Room mom to PTO representative and for the last 7 years as a parent director on the ISPS school board. ISPS has been home to my kids and I have been actively involved in the school in many areas, inter alia sports, raising community awareness and spirit and striving for fair play, academic rigor, helping to manage change etc.

In my role as parent director I have served as the chair of the HR and Policy sub- committee. I have contributed to the amendments to the school's board policy and HR function, by engaging in discussions and deliberations that are deemed to be in the best interest of the school and all of its stakeholders. We have also established document control where the changes to Board Policy are concerned to ensure that just one document exists at all times.

I am currently employed at Aon Energy Caribbean Limited, in the capacity of Managing Director. Aon Plc is headquartered in the UK with over 50,000 employees worldwide. I am a graduate of the College of Insurance, Kent, England and a post graduate of the Institute of Business, University of the West Indies Trinidad – Executive MBA program.

I have significant experience and expertise in the financial services sector and a very keen interest and working knowledge of "Contract Law". I am Trinidadian by birth and understand the environment and culture within which the school operates. I operate on the principles of Integrity, Objectivity, Fairness and Transparency. I believe that my institutional memory at the Board will serve the school well as we manage more change into the future. I am passionate about making a valuable contribution to whatever I am involved in, in an objective manner. I believe that all these attributes will allow me to continue to bring clarity, balance and insight to the deliberations of the board of ISPS. I am prepared to continue to serve all stakeholders in a fearless, honest and professional manner.

**Lou-Anna Ferreira-Patterson**

# NOMINEE STATEMENT

## Expression of Interest to serve on the School Board of The International School of PoS

**ROBERT HADAD**

Dear ISPS Community

I would like to express my willingness to continue serving as a Parent Director on the International School of Port of Spain (ISPS) Board of Directors. I have been on this Board of Directors for almost three years. Currently I have two sons attending the ISPS, one in Grade 10 and the other in Grade 6.

I have also served as a board member of the Brian Lara Cancer Treatment Foundation from 2008 to 2010.

After graduating from The University of the West Indies, Cave Hill Campus, in 1988 with a BSc in Accounting, I began working as an auditor at KPMG Corporate Finance Limited. After a successful three-year tenure, I tendered my resignation in order to pursue the dream of starting my own business.

In 1992, together with my two brothers, we formed Hadco Ltd. where I hold the position of Group co-Chief Executive Officer. What started off as primarily a food and electrical import and distribution company has evolved into a dynamic and diverse group of companies, with specialty in other areas such as lighting, ice cream and ice cream cone manufacturing, bonded warehousing facilities, transport services and retail operations. The Hadco Group is comprised of: Apadocas, Haagen Dazs, Mousie's Ice cream Parlour, Caribbean LED Lighting, Land Ice and Fish, Peppercorns, Nova Lighting, Creamery Novelties, Happy Time Ice Cream Cones, Kelec, Hexcorp, Sampson's Transport, JRJ Bonded Warehouse, The Lighthouse Limited, Ecoimpact and Fresh Organics Ltd.

Hadco is also committed to investing in our society through our Corporate Social Responsibility (CSR) initiatives.

We partnered with Phase II Pan Groove Steel Orchestra in 2015 because of our deep national pride and to promote and support our local culture.

In 2018, we established the HADCO Group Foundation in memory of our late sister, Maria Hadad. This foundation raises funds to help our employees who suffer from the effects of natural disasters or those who need financial aid due to medical expenses.

I understand that life is about balance and spending quality time with family is a priority. I am confident that my leadership skills and reputation in the business community will be beneficial to ISPS. I believe in a hands-on approach to solving problems and am committed to excellence. I am eager to make a positive difference wherever I can.

Sincerely,

**Robert Hadad**

# NOMINEE STATEMENT

## Expression of Interest to serve on the School Board of The International School of PoS

VERED WESTELL

Dear members of the Nomination Committee,

My name is Vered Westell. I am a 40 year old Organisational Development Specialist, High School and University Lecturer with over 10 years experience in both the Industrial and Academic fields enabling me to give a well rounded and informed opinion from a uniquely bi-faceted point of view.

The experiences that I have lived on both sides of the fence, so to speak, have truly enhanced my ability to view each and every opportunity that may arise thus enabling me to navigate the complex and challenging dynamics that are often found in a large multicultural community. These experiences allow me to contribute in ways School Board Members may not traditionally.

I am very interested in becoming a member of the ISPS Board of Directors for a variety of reasons.

In my capacity as High School Teacher and University Lecturer, I worked closely with students, staff and parents to brainstorm ideas, listen to the needs of our internal and external clients and work collaboratively towards a common goal. I strongly believe in the power of teamwork and understand the importance of bringing a representative group of stakeholders to the table to develop short and long-term goals and strategies. I am a collaborative person by nature and enjoy the synergy that comes about from dynamic teamwork.

Prior to joining the ranks in higher education, I worked as an Organisational Development Manager for a large corporation spending many hours working with staff to develop comprehensive policies and procedures to streamline the overall operation of the company.

In addition, I am a Strategic Management and Leadership specialist by training. Both of the above experiences will allow me to significantly contribute to the process of Continuous Improvement and Change that The International School of Port of Spain is currently undergoing.

I have also have had the honor of serving on the Board of the 450 student Piaget Primary School in Mexico in the State of Yucatan for 3 consecutive years (2011-2014).

If this alone were not enough, being a parent to two teenage daughters who attend the ISPS is perhaps the most underrated and useful skill that anyone could ever possess.

I believe it is vital for parents to be involved, be represented and be invested in the decisions that are being made relative to our school when dealing with current and future challenges and problems. I want to be part of the solution, and the only way to do so is by putting myself out there to serve as an active member of the ISPS Board of Directors. I am enthralled at the idea of being a fully integrated and participative Board Member and if I am given the honor to serve, I would relish the opportunity and put forth my absolute best to make both positive and meaningful contributions.

Thank you for your consideration of my nomination

Vered Westell

# NOMINEE STATEMENT

## Expression of Interest to serve on the School Board of The International School of PoS

JOHN MORGAN

Dear ISPS Community,

I would like to express my willingness to serve as a Parent Director on the ISPS Board of Directors.

The eldest of my three children (14) attends ISPS while the others (7, 11) are at St. Andrews Primary School.

I was born in Trinidad and did my primary and part of my secondary schooling at St. Mary's College POS and then at Haileybury College in UK.

I hold a B.A. (Hons) in Philosophy from King's College, University of London and a L.L.B. (Business Law) (Hons) from London Guildhall University.

My career is in the Motion Picture film exhibition sector and I am the Managing Director and CFO of Olympus Theatres, a modern multiplex cinema facility in Barbados.

I assist where I can at my children's schools. At ISPS I helped to establish the ISPS DADS group and served on ISPS 2017 Career Day and Placement committee.

Currently I am part of both the Continuous Improvement Team (CIT) and the Strategic Plan Committee (SPC). These two committees meet almost weekly and are mandated to make ISPS even better than it already is.

As Head Connector for St Andrew's School Dads Group (SADS) several fundraising and bonding initiatives take place every term.

As Overseas Secretary for Haileybury, I represent my alma mater in both Trinidad and Barbados.

Whether elected or not I hope to bring my local, regional and international experience to the stewardship of our school's journey and contribute to the enrichment of our ISPS community.

Sincerely

John Morgan

# ELEMENTARY NOTES

May 2, 2019

Volume 17 Issue 11

Dear Parents,

Welcome back after the break!

Grades 3-5 students have completed the ERB Writing Assessment on Tuesday. Results from the ERB Writing should arrive at the end of May, and the students' scores will be shared with you.

During this term, K-4 students will be engaged in science fest. They will be allowed to choose a topic that they are curious about. All students will be able to share their experiments with us during the week of May 13-17th. Class teachers will share information with you.

During this term, all teachers will continue to review their standards and benchmarks in each subject area to chart the progress their students have made. Our classrooms are very diverse, and teaching and learning have been adjusted to meet the needs of the students.

Kindergarteners interviewed me this week, and they wanted to find out about the role of the principal. We talked about safety, working with teachers, parents, their work in the classroom, and working with other principals. I have been interviewed over the years, and I thought that the kindergarteners asked challenging questions. An integral part of our program is to be curious and ask questions, and this was certainly demonstrated by the kindergarteners.

Grade 5 students have been working on their research projects to present to the community next week. The Central Idea: *People can learn from natural systems, to develop and enhance human made systems.*

We hope that you can join us on May 9th, 8:00 –10:45 a.m. and 10th, from 7:30 –10:45 a.m.

Regards,

*Suzette Julien*

*Elementary Principal*

## Dates to Remember:

May 9—10: G5 PYP Exhibition

May 13—17: Science Fest

May 20—24: MAP Testing

May 30: Indian Arrival Day—National Holiday

## Primary Years Program (PYP)

Grade five students are all engaged with their research project for their exhibition that will be held on May 9th and 10th. The PYP Exhibition is the culmination of their program. Students have learned to collaborate, to research topics, to manage time, to speak, to be creative, to think and deliver presentations and much more. All these skills are demonstrated during the exhibition. Mentors and class teachers (Ms. Wiltshire and Ms. Bishopp) have worked with students to guide them through the entire process. We look forward to seeing you at their presentation next week.

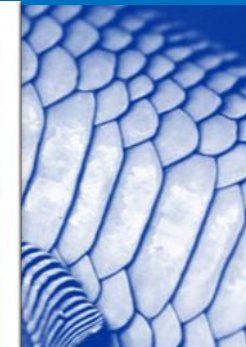

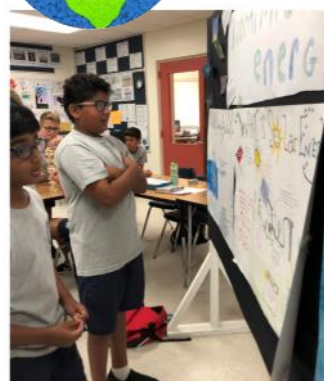

### PYP Words for this month:

Reflective, Integrity and Independence

*Angela Shahien, IB Coordinator*

Students prepare for their presentations!

# MIDDLE MATTERS

## FROM THE PRINCIPAL

Our Middle School has been engaged with very important projects over the past two weeks. The Science Fest offered an opportunity for our students to showcase various experiments to visiting students from the entire school. The exercise allowed for the reinforcement of theories learned in class in a fun, interactive and practical way. Congratulations to the Science Department for a great event!

Four of our Middle School students were part of the cohort who represented ISPS at the 2019 Global Issues Network (GIN) Conference in Lima Peru. The contingent explored issues of environmental degradation and proposed alternatives to plastic use. This is an excellent opportunity for students to network and gain experience in global advocacy and I encourage more students to work towards attending the conference next year.

As we approach our second session of Parent Conferences for the year I look forward to seeing our Middle School parent community engage with our teachers in collaborative discussion to foster a team approach to our students' education.

Frank Huerta  
Middle School Principal

# Living Our Mission

## ... Collaboration

### Family Fun Fiesta with GIVE

In continuation of the Get Involved, Value Everyone (GIVE) Club's cooperation with Living Waters Community Center, Zera Te, Chloe Bain, Asia Chan, Meghan Laquis, and Ashleigh Lok-Jack spent their Sunday morning helping out Living Waters Ministry with their 'Family Fun Fiesta' in aid of their ministry to the under-privileged people of Trinidad and Tobago. Reaching out to the High School Student Body, I was able to curate a group of willing students to help with this occasion. The dedicated group had a fun-filled morning, volunteering at the ice cream stall and representing ISPS in the midst of other volunteers from various schools. The bazaar was filled with local and popular music performances, activities, prizes, food and drink stalls, face painting, and more. This experience has taught us much about collaboration and earned us community service work experience, which is incredibly important as the GIVE club continues their contribution to those less fortunate here in Trinidad. **Submitted by: Zera Te**

*When I was at the Living Waters Easter fair it was good fun. I did not really know what I was going to be doing at first, but when I got there I found myself serving ice cream and Zera helped me and showed me what to do. I was only there for an hour and I wished that I could have stayed longer. It felt really good to get out and help on a Sunday. I am looking forward to doing more volunteering in the future.*

— Chloe Bain

# ISPS GIN Goes to Peru

By CHARLOTTE FARAH  
and SOPHIE POTTER

From Monday 22nd of April to Sunday 28th, students from ISPS traveled all the way to Peru for a conference called Global Issues Network.

GIN is a conference that has been held every year since 2010 in different countries in the Americas and the Caribbean and this year it was in Lima, Peru. You get to present your topic to others that are passionate about the Earth and everything happening to it. GIN allows for students to make connections and friendships with other passionate students from the Americas and the Caribbean. It gives students an opportunity to make a change in their society, whether it is due to poverty, plastic waste, or natural disasters. For 4 months prior to the conference, during the weekly Wednesday meetings, each GIN group from ISPS joins up to plan things that will solve their problem.

GIN in Trinidad is run by Ms. Tompsett, the Spanish teacher. GIN is a great way to learn Spanish, and about solving local and global problems.

## MIDDLE SCHOOL TEAM

Ellice Ali

William Farah

Sophie Potter

Rylie Ramroop

## HIGH SCHOOL TEAM

Daniel Bagnarol

Chayim Baker

Charlotte Farah

Andrew Pio George

Ronan Maharaj and Jose

Montealegre Corriols

“The week that we spent in Peru was one of the most informational, and interesting thing I have ever done. I can't wait to go back!

Sophie, Plastic Straw group

Before the conference began we did many activities in Peru like sand sledding down huge dunes of sand; and visiting the Inca ruins on the first day. On the second day, we saw the catacombs which were filled with skulls, and had a

tour of the capital city, Lima. We saw monuments and learned a lot about the history of Peru. Every night, we had amazing dinner, as Peru is known for their amazing food! You get to stay in a hotel and share a room with a friend and it gives you the feeling of responsibility.

There are three days of GIN conferences, where all the schools meet up. One ISPS group presented about plastic straws while the other about a community service club. We were able to share our ideas with others from around the Americas, and they were able to give us very good feedback. We were put into Global Villages, to get to know students from other schools. There were Film Festivals too where each GIN group had prepared a short video of what their project was about which was shown to the auditorium so that people could decide which presentation they wanted to go to. We also saw Keynote speeches by influential Peruvians.

The GIN Team for ISPS encourages students to join them in their mission to help the world.

“The Global Issues Network Conference changed my perspective on how I looked at the world. I learned so much at that conference, things they do not teach in school. I made lifelong friendships and forever memories. Joining GIN will most likely change your point of view and life for the better. It will prepare you for the future and give you a voice to change the world.

Ellice, Plastic Straw group

# NHS Disability Workshop

“

The disabled athlete workshop was a fantastic way of bringing forward an issue that sometimes people are uncomfortable talking about. It was great to see how those who are differently abled can do more or less everything that others can. It was also really useful to be given guidelines for trying to assist the disabled as sometimes we can unknowingly offend them by being presumptuous. **Mirabai**

”

PlayAble Caribbean came to conduct a workshop on raising awareness of people with disabilities and how we can be more inclusive in encountering people with disabilities in our everyday lives.

On Sunday 28th April, 16 members of NHS attended the workshop which was led by Atiba Antoine and assisted by Ricky Singh who has represented Trinidad at the Paraplegic Games.

Here are some of the comments students made on their experiences...

“

Atiba (our facilitator) made a great point about how, as humans, we're naturally helpful, so sometimes we need to be reminded that when we see someone with a disability, we shouldn't automatically assume they need help. It's always best to ask first. **Jada**

”

“

This workshop truly opened my eyes to the fact that those these persons with disabilities have a very different disposition from us able-bodied persons, they are in no fashion lesser or diminutive in comparison. Though at times they may require some degree of assistance, in many facets of life they don't and are in fact able to enjoy the same quality of life as their counterparts. **Daniyelle**

”

## NOTES

### From the Nurse

VANDA GIBBINGS-GOMES  
SCHOOL NURSE, R.N., R.M.

Hello Everyone,

Occasionally we get students with head lice. I recommend that parents routinely check their children's heads. Since having head lice is not a life threatening condition we advise that you treat your child/children at home and let me know.

First aid and CPR training for staff and parents will be held at school on Saturday 18th May, 2019 from 8am to 4pm. On successful completion you will be awarded a certificate from the Trinidad and Tobago Red Cross Society. This training is accredited by the American Red Cross and is valid for 2 years. The cost is \$400.00 per person.

If you would like to take part, pay Irene Akien in the business office.
